

Heritage Academy Elementary
Required Summer Reading List
2023-2024 school year

In the past there has been a “suggested” summer reading list of books by grade posted on the Heritage Academy website. Those books still appear on the suggested list; however, the books listed below are **required** summer reading beginning with students entering 2nd grade. Students will be tested on the book’s content upon returning to school in August and a test grade will be recorded.

Thank you for your participation and have a wonderful summer.
Happy Reading!
